

HAUNTED HOUSE ASSIGNMENTS

Remember: Do not wear anything you are worried about getting dirty, ripped, etc. Some parts will be messier than others. And dress warm. Layer up!

Entrance Attendant (1 person)

Job Description: Keeping watch at the front of the line, letting people into the HH in groups of no more than 5 (roughly two min apart), going over HH rules (no running, no food/drinks, etc.), keeping an eye out for intoxicated guests on Adult Night, making sure kids know the “code words” to fend off monsters on All Ages Night.

What to Wear: Costume is optional, but highly encouraged! Layer up!

Exit Attendant (1 person)

Job Description: Making sure guests don’t enter through the exit, telling guests thank you and have a great night, asking them how it was.

What to Wear: Costume is optional, but highly encouraged! Layer up!

Queue Rovers (2 people)

Job Description: Wandering through the queue line to enter, having fun and scaring folks. Reminder: No touching! Stalk, grunt, make creepy noises, breathe heavily, etc.

What to Wear: Any (monster, zombie, inmate with heavy dead/monster makeup). This is the public’s first glimpse into the show. Make it good!

Medical Victim and Mad Doctor (2 people)

Job Description: The victim will lay on the medical bed/table provided as they are being operated on, in pain and tortured. The doctor/scientist will mercilessly watch over their victim, scaring guests into thinking they’re next!

What to Wear: Victim: Bloody, dirty clothes. Not super modern. Maybe even a bloodied-up gown?

Doctor: Scrubs or lab coat (bloodied/dirty) with pants/shirt underneath (no jeans!) I’ll get you a surgical mask to wear.

Electrocutioner (1 person)

Job Description: This person will be hidden behind a wall with a battery, cables and a fence to spark up and scare guests. Have an evil cackle ready!

What to Wear: Layer up with dark, black clothes. I’ll have some other costume items to add (goggles, big black gloves, possibly a painter’s suit)

Death Row Inmates (3 people)

Job Description: Three inmates will roam a row of cells, angrily awaiting execution.

What to Wear: Orange jumpsuit or prison stripes! Use make-up to look dead or deranged.

Lost Souls (2 people)

Job Description: Two masked creatures, half-scarecrow and half-reaper. They don’t speak but they move quickly and haunt guests passing by.

What to Wear: Wear a black, cloth robe. I will provide specific masks for this part. Dress warmly/layer up underneath!

Clowns (2 people)

Job Description: Our clowns will be located near the stairs to the fourth floor (an added feature this year). Be a clown. Creep people out.

What to Wear: A clown costume. Make it complete, though. Try to have a costume and make-up/wig or full mask, rather than being half a clown.

*I'd prefer you sign up for the whole night which is 7-11, mostly because it's a lot of costume to make the change half way through.

Swamp Thing (1 person)

Job Description: This character, covered with netting, vines and moss, will blend in with their bog/swamp surroundings and rise up toward guests.

What to Wear: Let's work together to create this costume. Start with a layered, dark black or green outfit, then add moss, vines, netting, etc.

*I'd prefer you sign up for the whole night which is 7-11, mostly because it's a lot of costume to make the change half way through.

Mask Room (1 person)

Job Description: In a dark room with pitch black walls, covered in glowing hockey masks, one person will stand camouflaged and wearing one of the masks. As guests walk through, one of the masks suddenly moves toward them!

What to Wear: Dressed totally in black (shoes, gloves, etc) and wearing a hockey mask I will provide for you.

Plastic People/Masquerade (2 people on Friday, 3 people on Saturday)

Job Description: These "tricksters" will have the ability to move around help me keep an eye on everything, watching for malfunctioning props, technological fixes, issues with guests, etc. You will blend in by wearing masks I will provide that are straight out of the guests nightmares.

What to Wear: I will provide your masks, then you can wear either all black, including shoes and gloves, or anything you feel would go well with a scary masquerade mask (jester/clown outfit? Prom dress? Colorful suit?)

Zombies/Misc. Monsters (2 people)

Job Description: I have a couple of spots for some zombies we can place around the haunted house to moan, groan, follow and freak out guests.

What to Wear: Tattered, bloody, dirty clothes and zombie make-up, hair, etc.

*I'd prefer you sign up for the whole night which is 7-11, mostly because it's a lot of costume to make the change half way through.
